1. To start the walk, park in the parking area opposite Milton Damerel Parish Hall. Turn right uphill keeping the Parish Hall on the left. When the road bends sharply to the right take the footpath over the stile on the left.
2. Cross the stile into a field and head towards a gateway roughly half way along the hedge. Go through the gate, turn left, and head to the bottom of the field keeping the hedge on the left. Follow the narrow path which will lead to a wooden foot bridge. This pathway may be muddy and soft following wet weather.

Pass through a gate into a field and head across this field heading towards a white house visible ahead. Go to the right of the house and cross a stile. Follow the path as it leads up through a grassy area and then turn right through a graveyard and up past the church.

3. Turn right when the road is reached and keep on this road until several bungalows are visible.
4. Look for a lane on the left and follow it past some farm buildings as it heads downhill. Stay on the lane until a road is reached.
5. Turn left onto the road and keep on this road as it heads uphill. Turn right at the next junction and pass the chapel on the right. Follow the road downhill over a stone bridge, and now the road starts to climb uphill.
6. At the next road junction turn left, after the thatched cottage on the left. Follow this road to the start/finish point of the walk back at the Parish Hall.

After your walk why not visit Lizzy's Larder at Blackberry Farm, sign from the A388 heading back towards Holsworthy, where refreshments and local produce are available
